

SII's Certificate in Investment Management (CertIM)

Fall 2005 - CertIM Preparation Course

October 11, 2005 - January 19, 2006

News: The first open-to-public class (Spring 2005) in Greece for the Certificate in Investment Management examinations succeeded consistently above the UK average.

This is a testament to the quality of our Preparation courses being offered exclusively at the Hellenic American Union in co-operation with H&F Analysis, the only "Accredited Training Provider" of SII in Greece.

After the successful completion of the first course (Feb.-May 2005), the new prep course will begin on October 11 and will finish on January 19, 2006.

CertIM is a complete qualification specifically designed by practitioners to support Investment Managers and analysts in developing the necessary technical foundation to achieve competence. The certificate provides extensive know-how on investment management practices and regulation/legislation current issues. It covers the following functions:

- Managing investments
- Advising on and/or dealing in securities and derivatives
- Managing investments in relation to venture capital investments
- Advising on investments in the course of corporate finance business
- Overseeing administration functions in relation to managing investments

How CertIM benefits you as well as your organization?

- Certified executives are recognized by the regulator of Europe's largest financial centre, FSA
- Facilitates international business and new business development
- Offers new career opportunities
- Demonstrates investment management competence aligned with the standards of most major financial institutions worldwide (Goldman Sachs, UBS, JP Morgan etc)
- Covers all major activities according to European quality assurance standards

Securities & Investment Institute, established in February 1992 with the endorsement of the FSA, the Bank of England, the London Stock Exchange and the LIFFE, provides to the European Investment industry high quality professional qualifications with international recognition.
