## **VRS integrates its research with London Stock Exchange's Issuer Services platform**

**London**  
Stock Exchange

RSRCHX, distribution partner of VRS and a Liquidnet company, has launched its integration with London Stock Exchange (LSE) to power up their Issuer Services portal with institutional research. Thanks to this partnership, VRS can now leverage the existing RSRCHX functionalities to improve information distribution and management with Corporates listed on LSE. This in turn facilitates the deeper penetration and awareness of coverage across the senior executive and investor relations teams of the listed companies. RSRCHX has been seamlessly integrated into London Stock Exchange's Issuer Services Portal so corporate executive team and investor relations users from over 1,600 corporates will be able to read research about their companies within the portal. By this way, VRS is gaining access to a new distribution channel as part of the commitment of RSRCHX to extend the distribution potential and brand awareness for research providers to new end markets. The Issuer Services platform is the digital hub for London Stock Exchange issuers. Through this platform, issuers can access a wide range of solutions dedicated to serving the individual needs of public companies.

VRS (Valuation & Research Specialists) is an independent provider of business valuation advisory, equity research and credit rating services. VRS Team specializes in equity research covering the European and North American market as well as in macro, currency and commodity research. VRS places strong emphasis on tracking down as well as anticipating value related trends in the global capital and money markets.
